As a point of information, our Sailing Club, Club Riviera, which started over 20 years ago, is designed for those students who want to continue sailing. As we have seen through the years, many students feel the need for continued training; hence we have the club that offers unlimited sailing and training. You can come as often as you like to both the classes and group sails offered so be sure to ask about it. The 22' Macgregor sailboat is part of the club at discounted rates as well as the other sailing vessels. Also, the locked showers and restrooms, swimming pools, tennis courts and other amenities of the Yacht Club are part of the membership along with UNLIMITED kayaking, windsurfing and sunfish sailing. The only requirement is that you drive down.

The sails to the Bay, Lake and Gulf as well as parties and group outings have become a favorite of our members. Our schools and clubs have been on the lake since 1988 having fun in the sun and on the lake; we look forward to having you with us.

In conclusion, many students are most interested in completing the first five ASA classes in quick succession while they are focused on the learning curve. The next two classes are Basic Coastal Cruising and Bareboat Chartering, which allows the sailor to cruise worldwide and charter various size sailboats worldwide as well. For your information, the next basic cruising class and bareboat class will be a combo offering, the second and third level, and is held the last weekend monthly and they tend to fill up quickly. During this class you will travel down to Galveston, sail in the Gulf of Mexico and spend the weekend on the boat, a favorite of members and students alike. The fourth class is Coastal Navigation where charts are studied allowing the students to proceed to areas not previously traveled. Finally ACC 106 is the advanced class taught over a weekend traveling to a new port
